

“ We are human photocells whose ultimate biological nutrient is light. ”

—Dr. Gabriel Cousens, MD, Psychiatrist

Benefits of Light Energy

Élan light energy products generate and deliver photodynamic light. Studies have shown that light can:

- Reduce stress
- Relax muscles
- Stimulate acupuncture points and immune response
- Provide relief of minor aches and pains
- Improve range of motion
- Increase local blood circulation

Energetic Living Achieved Naturally

Élan Energetics was created from the belief that we are all energetic beings that are supported by frequency, light and sound. Élan means liveliness, enthusiasm and a strong positive feeling of wanting to push ahead with a cause. Our cause and commitment is a new health paradigm through leadership in the energetic wellness industry.

It is our mission to bring energetic health modalities to the mainstream through the highest quality and most advanced technology available.

Our vision of Élan is a space where you find inspiration, power, possibility and wholeness. It is within each of us built from light. Without existence in time or space, Élan lives in our conversation and our power to create. It is a new world where transformation and vital health are there for all who choose it. Élan answers a need in the wellness field for innovative technology and the finest quality of advanced energetic products. We cater to professionals for clinical application as well as convenient in-home use by everyday consumers. With our light energy systems, users experience a safe, non-invasive, meditative session while being infused with light.
